7 letter

Anagram: MARSDOT

Putting MARSDOT on a standard Scrabble board and scoring gives you 11-22-39.

8 letter

Anagram: ANTDORMS

Rearrange the columns so that the top row spells ANTDORMS. From here it is a standard dropquote, meaning that you have to pick the correct letters from each column to fill in the bottom grid. The end result spells THE COMBINATION IS THREE TWENTY NINE THIRTY NINE - 3-29-39.

9 letter

Anagram: SNORTMEAD

Just follow the path and read off the numbers on the lines. It spells 07-09-23.

10 letter

Anagram: DATESMORON

Fill in the bottom chart based on whether the letters for DATESMORON are in the right place (the first row is already filled out). It's binary and spells THIRTYONENINETHREE - 31-9-3.

11 letter

Anagram: ADDMORESNOT

Lay these tiles out according to ADDMORESNOT, reusing the same tile for the D and the O. Reading out the Morse spells TWOTWENTYTHIRTY - 2-20-30.

12 letter

Anagram: DIAMONDSTORE

Using Boggle rules, find complete chains of the phrase DIAMONDSTORE. It should spell out the numbers 29-39-09.

13 letter

Anagram: ANDROIDMOTELS

Fill in the blanks using the letters from the phrase ANDROIDMOTELS. Solving the trivia and doing the math gives you 4-10-28.

14 letter

Anagram: IDLEDASTRONOMY

Fill in the blanks with the phrase TOOMANYRIDDLES. Apply the offset in each box to get MAUSOLEUMGUARD, which is the SPHINX.
